

# TAARC Net Script

[Note: Blue text enclosed in [Brackets] is Instructional and is not to be read 'over the air'.]

CQ, CQ, CQ. Calling ALL Amateur Radio operators - This is Call Sign with the Tarleton Area Amateur Radio Club Net. My name is Your Name Here and I will be your Net Control Station this evening.

This net is for passing information concerning Emergency Preparedness, SKYWARN, and Amateur Radio in general, as well as other information of interest to the Tarleton Area Amateur Radio Club and the local amateur radio community. This net is presented by the Tarleton Area ARC and meets on Tuesday evenings at 2000 local time, except for the first Tuesday of each month when we have our monthly club meeting.

All licensed amateur radio operators are welcome to join this session of the Tarleton Area Amateur Radio Club Net -- and we also welcome all those who are listening this evening on scanners. This is a directed net. Please follow the instructions of the Net Control Station. When joining this net, please let the Net Control Station know if you are short of time or if you must leave the net early.

When you check in, please give your call phonetically using ITU Standard Phonetics and give your name and location. Remember to pause for a couple seconds after keying your mic to give any linked repeaters a chance to key up. This is Call Sign, Net Control, with the TAARC Net.

[Remember to ID your station and the Net at regular intervals]

Are there any stations at this time with Emergency or Priority traffic? Please check in now.

[Handle IMMEDIATELY] [Recognize any calling stations and handle requests]

Are there any stations on backup or emergency power or any mobiles that may be leaving the coverage area of the repeater soon? Please come now.

[Record their call and handle their traffic immediately]

This is Call Sign, Net Control, with the TAARC Net. I'll open the Net now for general check-ins. Stations with Emergency or Priority traffic at any time during this net may break in by saying, "Break, Break."

Please use ITU Standard Phonetics when identifying your station and give your name and location. Will the first four stations please check in now.

[Record and acknowledge all stations that check-in]

[Repeat as required]

[Acknowledge additional stations with traffic now. Then recall stations that listed traffic during check-ins. Handle traffic in this order - 1. NTS, 2. Bulletin, 3. Announcements]

The Tarleton Area Amateur Radio Club holds its meetings on the first Tuesday of each month at 1900 local time. The meetings are held in Room 103 in the Science Building on campus at Tarleton State University in Stephenville. The Science Building is on the northwest corner of Lillian and Vanderbilt and parking is in the lot on the north side of the building. Talk-in is on the 147-dot-360 MHz repeater. Meetings are open to anyone interested and VE testing is offered after each meeting. Walk-ins are always welcome.

[Mention other local nets or ham related events here]

To contact the Tarleton Area Amateur Radio Club, please address email to [taarc@arrl.net](mailto:taarc@arrl.net). You will find the club website at <http://taarc.rebelwolf.com> Please check our site for news of interest and notification of upcoming amateur radio events. You can also reach the site at [k5wlf.com](http://k5wlf.com) and then click in the left picture link.

If you would like to participate as a Net Control Station for this net, please contact Larry D. Barr, K5WLF. You can reach Larry by email, [k5wlf at arrl.net](mailto:k5wlf@arrl.net).

This is the final call for check-ins from any additional stations not yet acknowledged and for any re-checks. Please use ITU Standard Phonetics when identifying your station and give your name and location. Any new check-ins or re-checks, please come now.

[Record and acknowledge all stations that check-in.]

Thank you for participating in tonight's net. I invite you to join the net again next Tuesday [or give date] at 2200 local time. We had \_\_\_\_\_ check-ins this evening and \_\_\_\_\_ re-checks. This session of the Tarleton Area Amateur Radio Club Net is now secured and the repeater is returned to normal amateur radio operations. This is Call Sign clear. [End of Net]
